NOT READY

98 groups in scope · 2940 students · 178 findings (100 affecting validity)

Headline

47.7 MEAN TFI	30.5 WORST TFI	96.9% REQUIREMENTS MET	60 GROUPS AT D/E	178 FINDINGS
100 VALIDITY				

Recommendations

1. Resolve the overlapping sessions

13469 overlapping pair(s) totalling 6760110 minutes put 77 group(s) in two places at once.

Do this: Move one of each overlapping pair to a free period. The allocator can only avoid a clash it can see, so correct the underlying records and re-run it.

affects 77 group(s) · 2310 student-attendances · 8,675,474.5 student-hours

- AR C1, 169 pair(s): MT171 Monday 08:00-09:00 overlaps MT171 08:00-09:00
- AR C1, 169 pair(s): MT171 Monday 08:00-09:00 overlaps MT171 08:00-09:00
- AR C1, 169 pair(s): MT171 Monday 08:00-09:00 overlaps MT171 08:00-09:00
- AR C10, 195 pair(s): MT171 Monday 08:00-09:00 overlaps MT171 08:00-09:00
- AR C10, 195 pair(s): MT171 Monday 08:00-09:00 overlaps MT171 08:00-09:00
- AR C10, 195 pair(s): MT171 Monday 08:00-09:00 overlaps MT171 08:00-09:00

2. Re-mix the rooms so 60 students fit the class they are in

10 room(s) are booked over capacity for 98 classes, touching 77 group(s) and 5790 student-attendances; the worst needs 60 seats and has 24.

Do this: 98 class(es) across 10 room(s) are booked into rooms smaller than the class. Either add rooms seating at least 60 students, or move those classes into the rooms that already hold them -- LAB4, TUT3, SEM1, TUT4 and others are the ones to empty first. LAB4 alone is 396 seats short across the week.

affects 77 group(s) · 5790 student-attendances · 105.0 student-hours

- LAB4 (24 seats): 11 class(es), largest 60 students, 396 seats short across the week
- TUT3 (25 seats): 11 class(es), largest 60 students, 355 seats short across the week
- SEM1 (30 seats): 11 class(es), largest 60 students, 330 seats short across the week
- TUT4 (25 seats): 10 class(es), largest 60 students, 320 seats short across the week
- SEM2 (30 seats): 10 class(es), largest 60 students, 300 seats short across the week
- LAB3 (24 seats): 9 class(es), largest 60 students, 294 seats short across the week

3. Timetable the missing class for MT455

MT455 is a requirement of 20 group(s) (600 students) and no session satisfies it.

Do this: Add a session for MT455 and link the affected groups to it, or record a decision that the course does not require one. Activities: seminar. Reason recorded: no SEMINAR session of MT455 exists in the timetable

affects 20 group(s) · 600 student-attendances · 900.0 student-hours

- seminar unsatisfied: 20 group(s) have no session: CE C1, CE C10, CE C2, CE C3, CE C4, CE C5, CE C6, CE C7, CE C8, CE C9, ST C1, ST C10, ST C2, ST C3, ST C4, ST C5, ST C6,

4. Give the empty groups something to attend

21 group(s) have a requirement list and an empty timetable (CE A1, CE A2, CE A3, CE A4, CE A5, CE A6, CE A7, CPE B1, CPE B2, GM G, IE D4, IE D5, ME D1, ME D2, NM C10, NM C8, NM C9, QS H1, QS H2, TDT D6, TE D3).

Do this: Check whether these groups are genuinely out of the allocation scope. If they are in scope, their requirements were never timetabled; if they are not, remove them from the scope so the report stops counting them as empty.

affects 21 group(s) · 630 student-attendances · 0.0 student-hours

- CE group(s) with no sessions: CE A1, CE A2, CE A3, CE A4, CE A5, CE A6, CE A7: every session in the semester, by group link
- NM group(s) with no sessions: NM C10, NM C8, NM C9: every session in the semester, by group link
- CPE group(s) with no sessions: CPE B1, CPE B2: every session in the semester, by group link
- IE group(s) with no sessions: IE D4, IE D5: every session in the semester, by group link
- ME group(s) with no sessions: ME D1, ME D2: every session in the semester, by group link
- QS group(s) with no sessions: QS H1, QS H2: every session in the semester, by group link

5. Close the dead hours in the worst timetables

10 group(s) have a gap of 4 hours or more; the worst (ME C5) waits 6h 30m.

Do this: Move one session of the affected groups into the middle of the day, or accept the gap and give those groups something to do in it. A gap this long is dead time the students pay for in travel and in nothing else.

affects 10 group(s) · 300 student-attendances · 107.0 student-hours

- ME C5: 6h 30m at worst, 810 dead of 13440.0 contact minutes
- ME C7: 6h 30m at worst, 840 dead of 10920.0 contact minutes
- CE C1: 5h at worst, 540 dead of 12180.0 contact minutes
- CE C10: 5h at worst, 600 dead of 13440.0 contact minutes
- CE C2: 5h at worst, 600 dead of 13440.0 contact minutes
- CE C3: 5h at worst, 600 dead of 13440.0 contact minutes

6. Give the worst timetables a lighter week

10 group(s) score lowest on the timetable index; 10 of them can be improved by moving into a session that already exists.

Do this: Each row lists sessions that group is already eligible for, on a day it has free, in a room that holds it. Move a group into one and its dead time drops; where no option is listed, the group has no alternative class and needs a new session rather than a different one.

Group	Why it is listed	Suggested session	When	Room
CH C2	TFI 30.5 (grade E); 300-minute gap; heaviest day Friday	CL111 seminar — lands on Monday, which the group has free	Monday 13:00-14:00	LAB1
EE C4	TFI 32.9 (grade E); 210-minute gap; heaviest day Wednesday	NM202 lecture — lands on Monday, which the group has free	Monday 11:30-13:00	AUD2
EE C6	TFI 33.2 (grade E); 210-minute gap; heaviest day Wednesday	NM202 lecture — lands on Monday, which the group has free	Monday 11:30-13:00	AUD2
EE C1	TFI 34.5 (grade E); 210-minute gap; heaviest day Wednesday	NM202 lecture — lands on Monday, which the group has free	Monday 11:30-13:00	AUD2
EE C10	TFI 34.7 (grade E); 210-minute gap; heaviest day Wednesday	NM202 lecture — lands on Monday, which the group has free	Monday 11:30-13:00	AUD2
EE C5	TFI 34.7 (grade E); 210-minute gap; heaviest day Wednesday	NM202 lecture — lands on Monday, which the group has free	Monday 11:30-13:00	AUD2
EE C9	TFI 34.7 (grade E); 210-minute gap; heaviest day Wednesday	NM202 lecture — lands on Monday, which the group has free	Monday 11:30-13:00	AUD2
EE C2	TFI 35.2 (grade E); 210-minute gap; heaviest day Wednesday	NM202 lecture — lands on Monday, which the group has free	Monday 11:30-13:00	AUD2
EE C7	TFI 35.2 (grade E); 210-minute gap; heaviest day Wednesday	NM202 lecture — lands on Monday, which the group has free	Monday 11:30-13:00	AUD2
EE C8	TFI 35.2 (grade E); 210-minute gap; heaviest day Wednesday	NM202 lecture — lands on Monday, which the group has free	Monday 11:30-13:00	AUD2

7. Record the missing venue info

2 record(s) cannot be verified: sessions booked with no room, or a room with no recorded capacity, touching 2 group(s).

Do this: Correct the source records behind these 2 row(s): sessions booked with no room, or a room with no recorded capacity. Until they are recorded the audit cannot tell an over-subscribed class from an unrecorded one, and reports the room as unusable when the real fault is the record.

affects 2 group(s) · 60 student-attendances · 0.0 student-hours

- missing venue info: SC121 -- 2 group(s) attend session(s) with no room assigned, so capacity and room clashes cannot be checked.
- missing venue info: -- 1 room(s) have a capacity of 0 or no capacity recorded, so their utilisation cannot be computed.

8. Record the unverifiable workshop time

1 record(s) cannot be verified: workshops with a day but no clock time, touching 8 group(s).

Do this: Correct the source records behind these 1 row(s): workshops with a day but no clock time. Until they are recorded the audit cannot tell an over-subscribed class from an unrecorded one, and reports the room as unusable when the real fault is the record.

affects 8 group(s) · 3360 student-attendances · 0.0 student-hours

- unverifiable workshop time: WORKSHOP -- 14 workshop allocation(s) name a day but no clock time, so a clash with a timetabled session cannot be confirmed.

9. Take teaching off Wednesday

Post Wednesday and drop post 3072/ student-hours against 3206.0 on Tuesday -- 23% heavier.

Page of

Do this: Move about 465.5 student-hours of practical or elective work from Wednesday to Tuesday, and check the bands in use on Wednesday against the rooms available then.

affects 0 group(s) · 0 student-attendances · 931.0 student-hours

- Monday: 3248.0 student-hours
- Tuesday: 3206.0 student-hours
- Wednesday: 4137.0 student-hours
- Thursday: 3262.0 student-hours
- Friday: 3458.0 student-hours

Post-Allocation Audit Report — 2024/25 - Semester 1 (run #36 v33)

Severity	Category	Finding	Page of	
			Groups	Students
Critical	insufficient-venue-capacity	11 class(es) in LAB4 are over capacity. The worst is 60 students in 24 seats on Wednesday 09:00-10:30 (250% of seats).	20	660
Critical	insufficient-venue-capacity	11 class(es) in SEM1 are over capacity. The worst is 60 students in 30 seats on Tuesday 08:00-09:00 (200% of seats).	20	660
Critical	insufficient-venue-capacity	11 class(es) in TUT3 are over capacity. The worst is 60 students in 25 seats on Wednesday 13:00-14:00 (240% of seats).	18	630
Critical	unresolved-requirement	20 groups have no seminar session for MT455.	20	600
Critical	insufficient-venue-capacity	10 class(es) in SEM2 are over capacity. The worst is 60 students in 30 seats on Monday 08:00-09:00 (200% of seats).	18	600
Critical	insufficient-venue-capacity	10 class(es) in STD1 are over capacity. The worst is 60 students in 35 seats on Wednesday 08:00-09:00 (171% of seats).	16	600
Critical	insufficient-venue-capacity	10 class(es) in TUT4 are over capacity. The worst is 60 students in 25 seats on Wednesday 14:00-15:30 (240% of seats).	19	570
Critical	insufficient-venue-capacity	9 class(es) in SEM3 are over capacity. The worst is 60 students in 30 seats on Tuesday 08:00-09:00 (200% of seats).	16	540
Critical	insufficient-venue-capacity	9 class(es) in LAB5 are over capacity. The worst is 60 students in 36 seats on Tuesday 10:30-11:30 (167% of seats).	16	540
Critical	insufficient-venue-capacity	9 class(es) in LAB3 are over capacity. The worst is 60 students in 24 seats on Wednesday 15:30-16:30 (250% of seats).	15	510
Critical	insufficient-venue-capacity	8 class(es) in STD2 are over capacity. The worst is 60 students in 35 seats on Tuesday 10:30-11:30 (171% of seats).	16	480
Critical	no-timetabled-classes	7 CE groups (are not in any session, so they have no timetable at all.	7	210
Critical	no-timetabled-classes	3 NM groups (are not in any session, so they have no timetable at all.	3	90
Critical	missing-venue-info	2 group(s) attend session(s) with no room assigned, so capacity and room clashes cannot be checked.	2	60
Critical	no-timetabled-classes	2 CPE groups (are not in any session, so they have no timetable at all.	2	60
Critical	no-timetabled-classes	2 IE groups (are not in any session, so they have no timetable at all.	2	60
Critical	no-timetabled-classes	2 ME groups (are not in any session, so they have no timetable at all.	2	60
Critical	no-timetabled-classes	2 QS groups (are not in any session, so they have no timetable at all.	2	60
Critical	no-timetabled-classes	1 GM group (is not in any session, so they have no timetable at all.	1	30
Critical	no-timetabled-classes	1 TDT group (is not in any session, so they have no timetable at all.	1	30
